

Transform your learning with the AI-powered learning companion that's revolutionizing education on the Red Comet platform. Unlike generic chatbots, our AI companion acts as a personalized tutor available 24/7, guiding students to discover answers independently while building their confidence and problem-solving skills. The personalized agent will respond to students in the language they use, regardless of the language used in the activity. With features like instant self-assessment quizzes, smart flashcard generation, and real-time tutoring support, our AI companion doesn't just enhance learning outcomes—it provides tailored resources for parents that make learning simple and effective, and strengthens the vital connection between school, student and parent, creating a comprehensive learning ecosystem where every student can thrive.

24/7 PERSONAL AI TUTOR FOR EVERY STUDENT

Provides real-time, personalized support whenever students are stuck - guiding them to find answers independently and building confidence

SMART STUDY SESSIONS MADE EASY

Automatically creates interactive flashcards from lesson content for effective, bite-sized review sessions

INSTANT KNOWLEDGE TESTING & FEEDBACK

Allows students to quiz themselves anytime with immediate and targeted feedback to boost learning confidence

PARENTS BECOME LEARNING PARTNERS

Gives parents tailored activities and resources to actively support their child's learning journey at home
